

3 SIMPLE STEPS

If you are a small employer (business or tax-exempt) that provides health insurance coverage to your employees, determine if you may qualify for the **Small Business Health Care Tax Credit** by following these three simple steps:

2 Calculate the average annual wages of employees (not counting owners or family members):

Take the total annual wages paid to employees:

÷

Divide it by the number of employees from STEP 1:

(total wages ÷ number of employees)

= average wages

If the result is less than \$50,000, **AND**
